News from the Library

Very soon you will see something new at the Library. The Friends of the Ogden Farmers’ Library have bought a new copier for the Library. The copier will be a Toshiba e-Studio 203L. This copier has the ability to print/copy/scan/fax. It will carry letter, legal and 11”x17” paper. It can also do double sided copies with the touch of a button. It will warm-up in approximately 25 seconds and copy 20 pages per minute. It will be a welcome change from our old, old Xerox copier!

The Library is indebted to all the Friends for paying their membership fees. We also want to thank all the Friends who help at the various Friends’ fund raising activities such as the Book Sale and the Garage Sale. The money collected through the Friends helps us pay for programming throughout the year, our Wii, prizes for the Christmas ornament and Gingerbread House contests, one time only expenses not covered by our budget and in this instance, the copier. As we look to 2009, the Ogden Farmers’ Library thanks you again and wishes you all a safe, prosperous and Happy New Year.

Kay Hughes-Dennett, Director
Ogden Farmers’ Library
